NOTES FOR COMPETITORS

DRIVING

The organisers of the Bulldog Security Products Midland Rally 1996 ask all competitors to drive carefully on the road sections in order to minimise inconvenience to other road users and residents on route. Please observe all speed limits and drive slowly on narrow public roads - we will require them again next year and cannot afford adverse publicity.

Remember the Police may be operating radar speed checks on the route, Service crews should be reminded that adverse reports will result in exclusion for their competing crew.

ROADBOOK

The road book describes the route for the whole rally, including Special Stages, by 'Tulip' diagrams intended to ensure that competitors easily follow the correct course.

The 'Tulip' mileages shown have been compiled using a Brantz tripmeter and may not be in total agreement with competitors equipment.

Not all junctions have been included on road sections, where there is no instruction continue on the road on which you are travelling. Names on signposts were those displayed at the time of the route survey and no responsibility is accepted for subsequent changes.

At the start of every road section the target time for that section is given, also a box for calculating your due time at the following control.

A *Measured Mile* has been set out on the first road section in the Road Book on the B4340 south of Aberystwyth.

SPECIAL STAGES

On special stages the 'Tulip' diagrams and stage maps of each stage are intended to ensure that competitors follow the correct route only and they should not be used as an indication of the severity of bends, etc.

Firebreaks which are misleading have been included in the Road Book and will be arrowed as junctions.

START TIMES

The first competitor will start at 09.25 hrs. Individual start times will be displayed on the Official Notice Board from 23.00 hrs on Friday.

NOTES FOR COMPETITORS (concluded)

TIMING

Target timing is being used throughout the rally with a maximum permitted accumulated lateness of 15 minutes between successive Main Controls. Competitors must leave each Main Control 'Out' on their scheduled time to avoid penalty.

Competitors will be regrouped in the Service Areas, competitors due times at MC2 and MC3 will be given to the competitor on arrival at TC3 and TC5 respectively.

STAGE SAFETY

An ambulance, doctor and recovery vehicle are available on all Stages.

Radio communication equipment is sited at all Stage Starts and Finishes, as well as points along the route through the forest. Should you be forced to stop for any reason on a Special Stage, you must display your 'OK' board to the following competitors or if, and ONLY if, you require immediate medical assistance, you should display your 'SOS' board. Try to make your competition number visible to following cars. Put out your RED TRIANGLE to warn competitors and protect your own car.

When you come across a competitor stopped on a Stage, confirm that human life is not in danger and that a 'SOS' is not being shown. Note the location of the car in relation to the numbered junctions and its competition number and report the facts to the Stage Finish crew.

Remember that it may be you who next requires assistance.

RECOVERY

The organisers will attempt to link 'lost' crews with their service personnel with the help of the safety radio network if practicable when the relevant stage has closed.

A recovery vehicle will pass through each special stage to extricate competitors from immediate difficulties after the Stage has been shut by the Course Closing Car. Depending upon the available time, stages in forests being used twice may not be cleared until after the second run.

RETIREMENTS

Please telephone the Rally Help Desk at Rally Headquarters at the Marine Hotel, Aberystwyth (01970 623122) where messages can be posted on the Competitors' Notice Board.

Please hand in your Time Cards to an official and submit your Damage Declaration to the organisers, via the nearest convenient Time Control, or at Rally HQ.

RESULTS

Any queries regarding times, etc., should be made in writing on the form provided at the back of the Road Book and handed in to an official of the Help Desk at Rally HQ.

NOTES FOR SERVICE CREWS

Read these instructions carefully, and exercise care and courtesy when driving through towns and villages on route.

Each registered Service Vehicle is issued with a Rally Service Plate which must be affixed to the vehicle's windscreen. This plate will bear the letter '**S**' and a number corresponding to that of the competitor receiving the Service Pack where practical.

Each Management vehicle will have similar plate but bearing the prefix '**M**', to be fixed to the vehicle and be on display at all times.

Service Crews and Management Crews **MUST** follow the instructions given regarding Service Areas and the route between them. Any Competitor whose Service or Management Vehicle is *observed* in an OUT OF BOUNDS area will be penalised 10 minutes for the first offence and by EXCLUSION from the results for the second offence; any Competitor *receiving assistance* from a Service or Management Vehicle in an OUT OF BOUNDS area will be EXCLUDED on the **first offence** (see Art.17.8).

All the above vehicles will be allowed into all main Service Areas.

Time Controls are situated at the exit of each main service area and service crews must follow the instructions of marshals at these controls.
Regrouping will operate in service areas A and B, to close up any gaps and keep the rally together as much as possible.

Judges of Fact will be patrolling the road sections and service crews are reminded that their associated competing car may be penalised for any infringement of the servicing regulations - including excessive noise, bad driving manners, etc. (see Art. 17.6).

In the event of their competitor retiring within a special stage, service crews may wait at the start of the stage until it closes and they will then be allowed to enter to retrieve the car under the instruction of the stage commander.

As usual the various Police Authorities will be observing the Rally and speed checks may be expected during the event.

Bulldog Rally 1996

SERVICING & SERVICE AREAS

Competitors are reminded that they are responsible for the conduct of their service crews. Servicing by Service Vehicles with a **'Service Plate'** is ONLY permitted in the **two official service areas** which are located as below.

N.B. ONLY vehicles registered with the organisers and visibly displaying their Service Plate will be allowed to enter the service areas.

NO RALLY PLATE - NO ENTRY

Emergency Servicing by Management Vehicles with a **'Management Plate'** is permitted in the **two official service areas** as well as **additional areas after most stages** as indicated by a break in the thick black line along side the tulips in the Road Book.

SUMMARY OF COMPETITOR'S RALLY MILEAGES

Rally Section	Road Miles	Stage Miles	No. of Stages
Start to Service A	24	19	3
Service A to Service B	38	26	2
Service C to Finish	59	35	3

STAGE ARROWING SYSTEM

Positioning of Arrows at JUNCTIONS in conjunction with 'No Entry' Boards.

It should be noted that the gate formed by two arrows is always set immediately before the junction on the approach road and to avoid ambiguity, where necessary, the angle of directional change will be exaggerated. Incorrect roads will have 'No Entry' boards and will be blocked but not necessarily at the junction. The junction number (indicated in the road book) will be fixed to the warning arrow.

'TULIP' ROAD BOOK

INTRODUCTION

The Road book describes the route for the whole rally, including Special Stages, by 'tulip' diagrams.

Junctions on road sections where the route is obvious have not been included on the 'tulip'. Competitors should simply continue on the road on which they are travelling.

The names quoted as appearing on a signpost were those present at the time of survey and cannot be guaranteed.

All speed limits, 'Give Way' and 'Stop' junctions have been shown. Please observe them, as the Police know you are coming.

Please drive carefully and quietly on Public roads, especially near to forests as they are narrow and there are local residents who will be using them.

There is a measured mile along the B4340 as leaving Aberystwyth (between tulip refernces 10 and 11) for competitors wishing to check their trip against the one used when making the road book.

On Special Stages the advanced warning arrow on each hazard or junction will bear the same number as the corresponding 'tulip' in the road book.
