FORWARD

Safety

All advanced warning arrows at junctions on special stages will be numbered and this number will correspond with the diagram in the Road Book.

Competitors are requested to note any incidents on special stages with reference to these numbers and report them to the stage finish marshals or to the first available marshal if human life is in danger.

An ambulance and a recovery vehicle are available on all special stages.

Radio communication equipment is sited at all stage starts and finishes as well as points along the route through the forest.

If urgent medical attention is required on a special stage a red cross should be used as instructed. An 'OK' board must be used if you stop on a stage but medical attention is not required.

Misuse of these signals will be reported to the Stewards of the Meeting in accordance with J2.13.5.

A recovery vehicle will pass through each special stage to extricate competitors from immediate difficulties after the stage has been shut by the course closing car.

Hazards

Certain Fire-Breaks and other known hazards will be numbered as junctions in the Road Book and arrowed on the stage.

The R.A.C. designated danger spot on In Gartheinlog Forest will be indicated in accordance with J2.14.7

As the hazards due to logs in the forest are changing day by day, the marshals at stage starts will inform competitors of particularly dangerous locations and these will be indicated by exclamation marks on the stages.

Petrol

Garages with petrol available along the route of the Rally have been noted in the Road Book and time has been allowed in the time schedule for competitors to fill up as necessary.

A breakdown of Rally mileages is given in the servicing information.

Other Information

If you retire, please inform Rally Headquarters at the Radbrook Hall Hotel (Shrewsbury 64956) as soon as possible. You must submit your Damage Declaration to the Organisers, via the nearest time control if convenient, in accordance with L4.13.2.

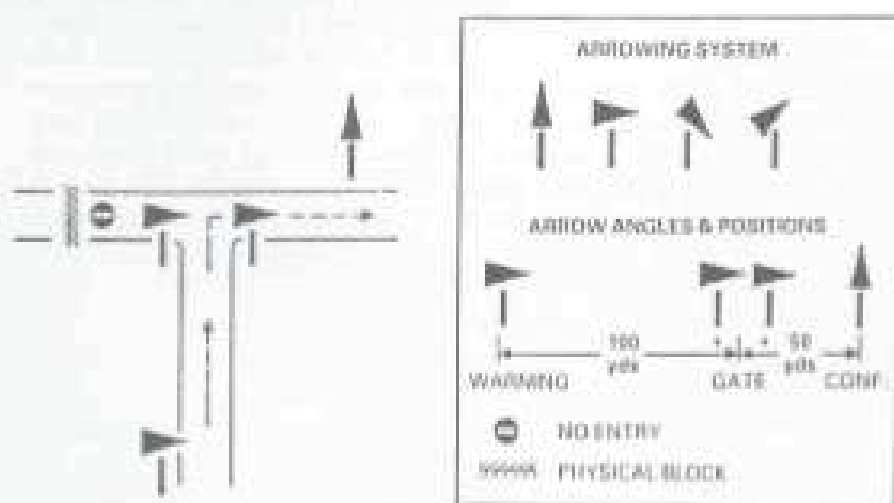

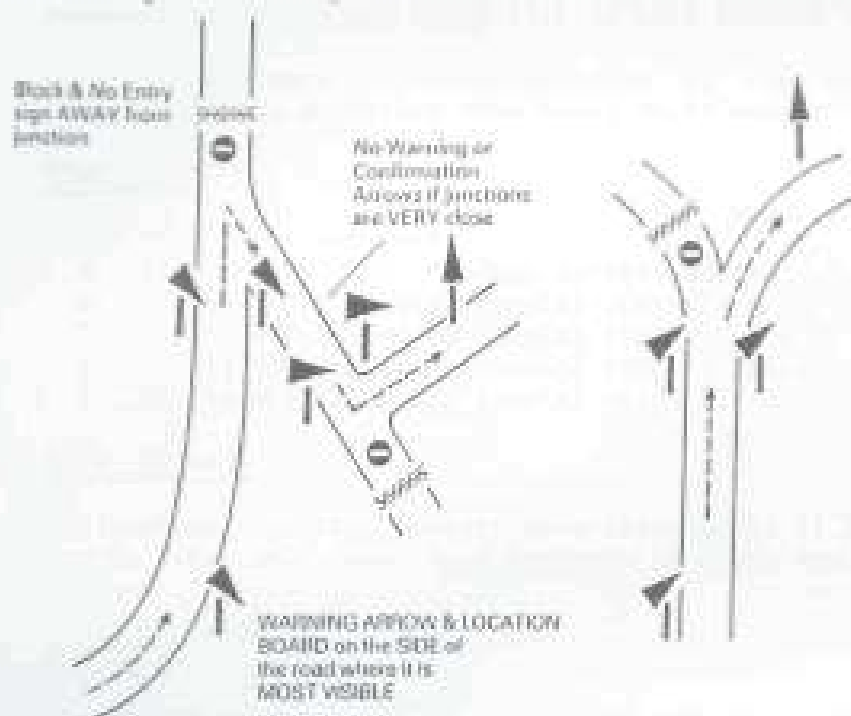

There is a results query slip at the rear of this book.

A record sheet for you to keep a check on other competitors times is also at the rear of the book.

STAGE ARROWING SYSTEM

Positioning of Arrows at JUNCTIONS in conjunction with 'No Entry' Boards.

It should be noted that the gate formed by two arrows is always set immediately before the junction in the approach road and to avoid ambiguity, where necessary, the angle of directional change will be exaggerated. Incorrect roads will have 'No Entry' boards and will be blocked but not necessarily at the junction.

There will always be a confirmatory arrow not more than 25 yards after every junction on the correct road. Similarly, there will always be a 'No Entry' sign not more than 25 yards after every junction on the incorrect roads.

PROCEDURE AT CONTROLS

THE START

The Procedure at controls will be as generally described in the Regulations and Final Instructions.

Competitors MUST report to the Assembly Area in the Loton Park, 20 minutes before their due start time. They will be issued with their time cards and despatched to the Start by the marshals. The organisers intend to close up the entry list to take account of non-starters.

At MC1 competitors will be despatched at one minute intervals, the first car's due departure time being 08.55 hours.

TIME CARDS

There will be 5 time cards -

- A - From MC1 to PCA including special stages 1 & 2, service area A
- B - PCA to PCC including special stages 3 & 4
- C - PCC to PCE including special stages 5, 6 & 7, service area B
- D - PCE to PCG including special stage 8, service area C
- E - PCG to MC2 including special stage 9, service area D

MAIN CONTROLS

The maximum permitted penalty free lateness is 15 minutes. Competitors who leave Main Controls at their due time will have zero lateness.

FINISH

The finish of the event is at the Radbrook Hall Hotel on the A488 off the Shrewsbury ring road.

Time cards and damage declarations must be handed in to the desk in the foyer of The Hotel.

Certain competing cars and their crews will be required to proceed to the Shirehall car park to a "publicity finish". Competitors co-operation is requested in this.

After MC2 there is a park ferme and cars may only be removed upon the instructions of the Clerk of Course.

SERVICE DETAILS

Service Areas

Servicing will only be permitted in three designated areas, Bungalow Garage at Wattlesborough on A458; the public car park in Machynlleth and the car park of Meirion Mills in Dinas Mawddwy. Bungalow Garage is used as service areas A and D, Machynlleth is service area B, Dinas Mawddwy is service area C.

THE 'TULIP' ROAD BOOK

INTRODUCTION

The Road Book describes the route for the whole rally, including Special Stages, by 'tulip' diagrams.

Junctions on road sections where the route is obvious, have not been included on the 'tulip'. Competitors should simply continue on the road on which they are travelling.

The names quoted as appearing on a signpost were those present at the time of survey and cannot be guaranteed.

All speed limits and 'Give Way' junctions have been shown. Please observe them, as the Police know you are coming.

Please drive carefully and quietly on Public roads, especially near to forests as they are narrow and there are local residents who will be using them.

The 'tulip' mileages are quoted to the nearest 0.05 MILES and where it is considered a greater accuracy is required on road sections, single arrows will be erected to indicate the correct route.

On special stages the advanced warning arrow on each hazard or junction will bear the same number as the corresponding 'tulip' in the Road Book.

KEY TO SYMBOLS USED IN THE ROAD BOOK

'Tulip'. Approach from dot. Depart towards arrowhead.
