## Introduction:

Welcome to the 2004 Bulldog Rally, the final round of this years KUMHO National Rally Championship.

The Bulldog Historic Rally is the final round of the MSA Historic Rally Championship.

Also running with the Bulldog, but over a slightly shorter route The Clubmans Rally the final round of the KUMHO Clubmans Championship.

Press coverage is a very important part of any rally, for the organisers, competitors - along with their associated sponsors - and I hope all the information you require is contained within this press book. If you have any additional queries, I will be available in the Press Office during the event and will do everything possible to help you.

We trust you enjoy a good days sport, but please remember, events such as the Bulldog Rally rely heavily on the goodwill and support of the local population. So please respect the countryside and its inhabitants at all time.

John Clewer - Press Officer

10 October 2004

## Welcome to the 2004 Bulldog!

It is again time for me to welcome you to another Bulldog Rally.

Unbelievably, it seems only a short time ago that I was on the stage presenting awards to Mark Perrott and Graham Hopewell as worthy winners of the 2003 Bulldog Rally.

It's with the usual anticipation that we wait to see what this year's event will attract in the way of entries and excitement.

The organising team from Wolverhampton and South Staffs Car Club can always be guaranteed to put together a professional and demanding rally. Everything is now ready for the 2004 event, so it is over to you, the competitors, to put on the spectacular. We know you won't disappoint!

I know that the Bulldog Rally is the one everyone wants to win and we at Bulldog Security Products are proud to sponsor this great rally once again.

The whole of the motorsport and indeed, the wider sporting fraternity is envious of the camaraderie and excitement which goes with rallying and all of us who are involved in organizing the Bulldog Rally are contributing to the sport and helping make it safe and successful.

Above all, we hope you have an enjoyable day.

Thank you

*Ian Jordan*

## About the Sponsors – BULLDOG SECURITY PRODUCTS

Bulldog Security Products Limited is part of an expanding group of companies which has its headquarters in Much Wenlock, Shropshire.

Bulldog International Limited has a developing global network of agents and representatives.

### The Bulldog pedigree

The first products were launched in the mid 1980's, the result of the painstaking development of an innovative locking bolt mechanism by the company founder Ray Jordan.

The unique, hardened, anti-pick bolt was a breakthrough in low-cost, high specification security that the company has been able to apply across a wide range of products and application sectors, identifying and responding quickly to actual user needs.

A consistent policy of upgrading has enabled the locking bolt based products to maintain market leadership in so many areas, while the company's R & D team has engaged in the parallel development of other complimentary products and systems aimed at securing a safer world.

### The Bulldog breed

**Leisure** - Bulldog became a major player in the caravan sector in particular, and the leisure market in general. It's a 'moving' story of stabiliser safety through to stationary security and safety provided by products from wheel clamps to hitch locks, lock posts to levellers.

**Automotive** - Bulldog has dedicated itself to providing the most comprehensive range of wheel clamps available from a single manufacturer. offering degrees of security from snap-on deterrents to highly secure heavy duty options. Devices are available for classic cars through to motorcycles. at prices to suit all budgets.

**Household Security** - Bulldog is nothing if not house 'trained', providing lock bolts to secure garage and personal access doors - however poor the integral door locking system - car posts and clamps... and even sporting gun security.

**Shop Protection** - Bulldog is taking on the ram raiders with barriers offering high impact resistance at low cost and the flexibility of placement to satisfy local planning regulations. The retailer is also able to call upon Bulldog for extra access door security and access control devices.

**Fleet Protection** - Bulldog protects cars, vans, trucks and trailers. The range extends from clamps to a unique King Pin Lock which enables drivers and owners of heavy goods trailers to throw a security 'ring' around them in seconds - whenever they are detached or parked.

**Animal Safety** - Bulldog helps ensure the safe transportation and containment of animals, particularly horses, with the development of such products as stabilisers designed specifically for horse and animal trailers and a professional quality door lock bolt which can be used to ensure that thieves are kept out. . . and the animal stays in.

**Site Management** - Bulldog products have been developed for access control on permanent and temporary Sites from company and public car parks to construction complexes, as well as individual vehicle and plant protection. Ram barriers and lock posts are among the access control equipment available.
