BULLDOG RALLY 2004
SHREWSBURY LIVESTOCK MARKET

Introduction

The Road book describes the management car route for the whole rally by 'tulip' diagrams.
 Junctions where the route is obvious have not been included, drivers should simply continue on the road on which they are travelling.
 The names quoted as appearing on a sign posts were those present at the time of survey and cannot be guaranteed.
 All speed limits, 'Give Way' and 'Stop' junctions have been shown. Please observe them as the Police know you are coming.
 Please drive carefully and quietly on Public roads, especially near to forests as they are narrow and there are local residents who will be using them.
 A **thick black line in the right hand side** of the information column indicates that Emergency service is **not** permitted in these areas.

Key to symbols used in the Road Book

SERVICE ARRANGEMENTS

Read these instructions carefully, and exercise care and courtesy when driving through towns and villages on route.

Each registered Service Vehicle is issued with a Rally Service Plate which must be affixed to the vehicle's windscreen. This plate will bear the letter 'S' and a number corresponding to that of the competitor receiving the Service Pack where practical.

Each Management vehicle will have similar plate but bearing the prefix 'M', to be fixed to the vehicle and be on display at all times.

Trade vehicles will be issued with a windscreen plate, which must be affixed to the vehicle.

All the above vehicles will be allowed into the main Service Area.

Time Controls are situated at the exit of each main service area and service crews must follow the instructions of marshals at these controls.

Judges of Fact will be patrolling the road sections and service crews are reminded that their associated competing car may be penalised for any infringement of the servicing regulations - including excessive noise, bad driving manners, etc. (see Art. 17.6).

As usual the various Police Authorities will be observing the Rally and speed checks may be expected during the event.

SERVICING & SERVICE AREAS

ONLY vehicles registered with the organisers and visibly displaying their plate will be allowed to enter the service area.

MANAGEMENT SERVICE

Regulation Article 17.2. Each Service or Management Vehicle must be registered with the Organisers, giving its vehicle registration number, before an official plate is issued for it. The use of a Service or Management plate on a vehicle not previously registered with the Organisers is an offence for which a penalty up to EXCLUSION may be applied.

Article 17.4 Emergency servicing will be permitted on the Bulldog and Bulldog Clubmans Rallies in designated areas after some Special Stages, from Management Vehicles displaying the appropriate Management Plate. These plates may only be used on conventional saloon cars or their estate car derivatives, or on certain 4x4 off-road leisure vehicles, subject to approval by the Organisers. The use of roof racks is not permitted. These vehicles must follow the instructions issued by the Organisers in the Service Pack, which will specify sections of the rally route which are Out of Bounds to Management Vehicles. Application for a Management Plate must be made on the Official Entry Form (see Article 8.8). The Organisers reserve the right to restrict or refuse any application for additional plates.

AREAS OF 'NO EMERGENCY SERVICE' ARE DESIGNATED IN THE ROAD BOOK BY A THICK LINE ON THE RIGHT HAND SIDE OF THE 'INFORMATION' COLUMN

Where emergency service is permitted on the public highway competitors must be completely off the carriageway when stopped and not in a area restricted to less than 40 miles an hour.
